Moving Beyond the Binary

Gender

Gender Identity:

One's internal sense of being male, female, neither of these, both, or another gender(s).

Gender Expression/Presentation:

The physical/visual manifestation of gender through one's expression: clothing, hairstyle, voice, body shape, etc.

Sex Assigned at Birth:

The assignment and classification of people as male, female, intersex, or another sex based on a combination of anatomy, hormones, and chromosomes. (It's important to not simply use "sex" because of the vagueness of the definition of sex and its place in transphobia.)

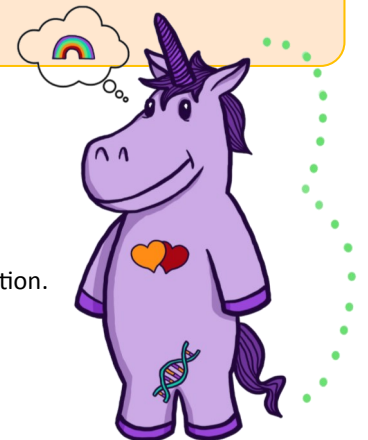

Orientation

Sexually Attracted To:

Desire (or lack of desire) for sexual intimacy.

Romantically/Emotionally Attracted To:

Desire (or lack of desire) for romantic/emotional intimacy.
